Profile

Hi! I'm Elias Braver. I've had two passions my entire life: Technology and Creative Media. Making videos and working with editing and graphics software is something I've done for as long as I can remember. I love the entire process, whether it's brainstorming ideas and location scouting, filming on set, controlling the lighting and microphones, as well as the entire postproduction process including editing, motion graphics, and delivery. I also love to work with live video production and social media.

Skills

Adobe Creative Suite, Videography, Video Editing, 2D Graphics, 3D Graphics, Ability to Multitask, Collaboration, Ability to Work Under Pressure, Fast Learner, Computer Skills, Highly Motivated, Great Communication, Interpersonal Skills

Experience

Producer/Videographer/Editor at Gaylord Hall Productions | Aug 2020 – Aug 2021

Directed, shot, designed, and edited professional videos for clients. Wrote scripts, location scouted, and brainstormed ideas for videos. Created motion graphics and animated segments for videos. Worked with both DSLR and mirrorless cameras. Directed talent and set up lighting systems for shoots.

Freelance Video Editing and Graphics | Jan 2017 - Present

Worked on video projects for personal creations, as well as for other people and clients. Shot video with professional equipment and edited it for large audiences to watch. Directed, shot, and edited short films and documentaries. Created motion graphics for various customers and organizations including OU Esports and other clubs on OU campus. Produced and created motion graphics for livestreams on the web.

Light Alive Marketing | Mar 2022 - Present

Shot high quality video for various clients and customers, such as Cancer Centers of Southwest Oklahoma. Lighted and directed scenes. Edited footage in corporate style as well as montage style using Adobe Premiere Pro. Created motion graphic logo stings from still logo images for clients using Adobe After Effects.
